The New M&P®5.7 pistol.
With 22 rounds in the magazine, you can enjoy more time shooting and less time spent reloading. Using the Tempo™ barrel system, the front gas port keeps every- thing working as it should – no moving parts until they're supposed to be moving. With an optics-cut slide, out of the box, you can mount most micro red dots and hit the range. Get more with the new M&P®5.7 pistol.

Flat-face trigger for consistent finger placement allows for more accurate and repeatable shooting. Picatinny-style equipment rail. Forward slide serrations. Crisp single-action trigger break. Backed by Smith & Wesson's Limited Lifetime Service Policy. Made in U.S.A.

PRECIO: B/. 1,653.15

MOSSBERG®

SINCE 1919

MODEL: MC2C
MOSSBERG 9MM
11+1- 14+1 ROUNDS
OPTIC READY
SKU:89031 (STOCK)

A compact 9mm with 14-round and 16-round double-stack magazines in an ergonomically comfortable profile.

The optics-ready slide allows easy direct mounting of Micro Dot optics. Slides are 416 stainless steel with DLC finish, and angled serrations for positive slide manipulation.

Sights are dovetail mounted, snag-free White 3-Dot configuration.

Frames are high-tensile strength glass-reinforced polymer that feature Mossberg's signature aggressive grip texturing and palm swell for a confident, firm grip under a variety of shooting conditions.

Fits comfortably in hand or holster for everyday carry.

Armornite® finish is a hardened nitride finish that provides enhanced corrosion resistance, greatly improved wear resistance, decreased sur- face roughness, reduced light reflection and increased surface lubricity. Armornite is used on many S&W® and M&P® products imparting a high level of protection internally and externally where applied.

M&P®9 M2.0™ COMPACT OPTICS-READY SPEC SERIES PISTOL KIT

Born from evolutions in the professional and shooting enthusiast spaces, the M&P® Spec Series™ line advances with its 3rd iteration. The newest edition places emphasis on delivering a package that is ideal for those looking to hone their skills and push their limits. The new Spec Series™ pistol comes complete with co-witness sights and a 4.6" threaded barrel, making it an optimal choice for suppressed shooting. Also included is our C.O.R.E.™ system, designed to give the user the ability to mount their preferred handgun optic to maintain accuracy and proficiency when firing. The inclusion of two 23-round 9mm magazines means less time reloading and more time practicing. The additional 15-round magazine trims down the overall size of the new Spec Series™ and allows for a more concealable package.

The M&P® Spec Series™ kit includes an M&P® knife that features a 4" blade with an overall length of 9" and a collectable M&P Spec Series™ Challenge Coin.

Suppressor height white-dot sights,
slide cut for optics and threaded barrel

M2.0 Flat Face Trigger

Armornite® finish is a hardened nitride finish that provides enhanced corrosion resistance, greatly improved wear resistance, decreased surface roughness, reduced light reflection and increased surface lubricity. Armornite is used on many S&W® and M&P® products imparting a high level of protection internally and externally where applied.
